Turn one Sunday morning into a company cycling club.

Techathlon Chennai Edition 01 brings the city's tech and corporate teams together to ride, run and learn. We invite Fit India to be a supporting partner, and to welcome the new corporate cycling clubs that grow out of it into Sundays on Cycle.

CHENNAI EDITION 01

6:00 AM	20 km ride flag-off
6:15 AM	1K, 3K and 5K run
7:15 AM	Talks: Agentic AI Harness, Human in the Loop, Leaders Fireside Chat
8:30 AM	Finisher medals
8:45 AM	Breakfast and networking

Sunday, 2027. Date to be confirmed. Expected participants: 500 to 700.

ABOUT TECHATHLON

An independent community and event for the tech and corporate sector: people who train and leaders who build. Invite-only groups on WhatsApp and Discord.

The plan is a flagship event each year in each city, in the way Chennai has its marathon, with smaller events through the year. After Chennai, we take it to other cities in the south and north with corporate partners.

WHAT WE REQUEST FROM FIT INDIA

Logo as supporting partner

Used as the Fit India Movement Logo Guidelines allow: unaltered, with clear space and minimum sizes.

Guidance on new clubs

The simplest way for a company starting from zero to set up and register a club on the Fit India portal.

Recognition for clubs

A certificate or a mention on Fit India channels for clubs that join through this pathway.

WHAT FIT INDIA GETS

- **More corporate cycling clubs.** Each participating company is encouraged to start a group and register on the portal.
- **Riders who keep riding.** People move from one event to regular Sunday rides.
- **A company challenge around FIPL.** A simple challenge keeps the new groups active.
- **A pathway to repeat.** The same steps work in each city Techathlon visits.
- **Clear numbers.** Companies and riders onboarded, shared with participants' consent.

HOW IT WORKS

BEFORE
Companies and teams register for the event.

ON THE DAY
A short note on Sundays on Cycle and club registration.

WITHIN 2 WEEKS
Each company is invited to start and register a club.

NEXT SUNDAY
Groups join Sundays on Cycle. The company challenge begins.

AFTERWARDS
We share a short report with the numbers.

We would value your feedback and guidance on next steps.

Felix Mahimai, State Cycling Leader, Tamil Nadu (Fit India)
